June 26, 2009

During a recent change to the Town's rate structure, an unknown error occurred at the time of billing. For residential customers, the billing cap of 10,000 gallons for wastewater did not convert correctly. Therefore, these accounts were charged at 100% of the gallons consumed. We have corrected this error and apologize for any inconvenience. All accounts have been credited and a letter will be sent by Saturday, June 27th with the corrected bill amount.

If you participate in the Town's automatic payment plan, the adjusted balance will be the amount that is withdrawn from you checking or savings account.

Should you have any questions, please call customer service at (561) 540-5020, and again we apologize for any inconvenience.

Sincerely,

Lantana Customer Service
